

## Report on Environment Day

Each year, World Environment Day is observed by the United Nations family and by communities across the globe to raise awareness about the importance of the environment in our lives. It is a time to reflect, not just about the challenges we face, but on the many initiatives, small and large, that people are involved in the world over to make sure that the world becomes a better, safer, more equitable place for mankind.

BRS community commemorated the Environment day on June 5<sup>th</sup> with a host of activities across grades, 1 & 2.

A special assembly was conducted on the topic - Zero tolerance for the illegal Wild-life trade.

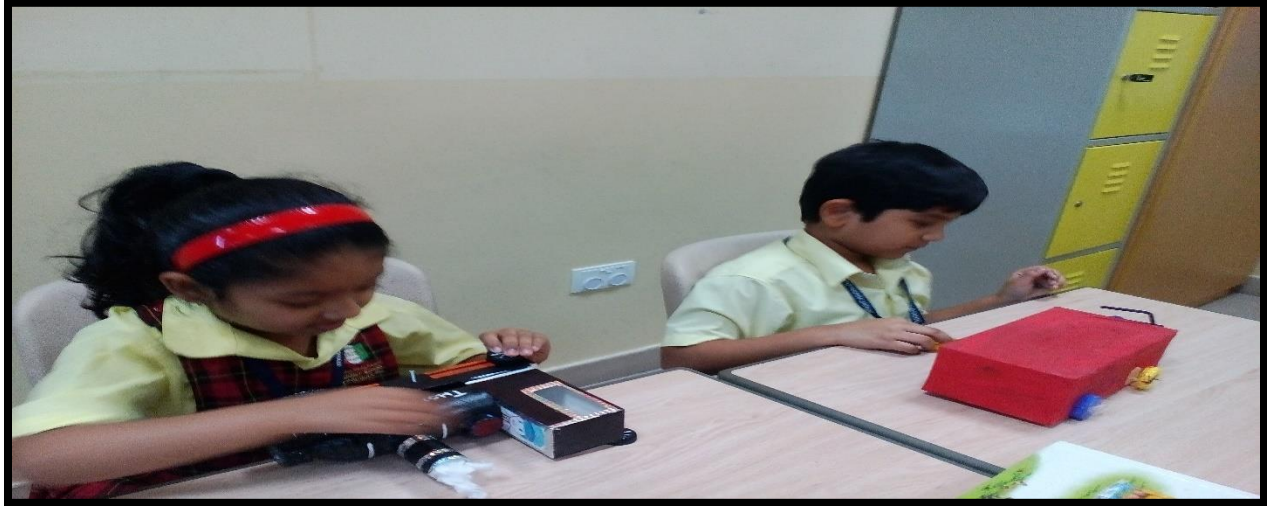

Students of Grade 1 made bookmarks from recycled materials. They also made a scenery using materials like bottle caps, pistachio shells, cardboard pieces etc.

The students of Grade 2 prepared models of different means of transport using recyclable materials.  
They also prepared jewellery using eco-friendly materials.

Enthusiastic participation in both events showcased the BRS'ians creative streak & commitment towards the cause. Showcasing their commitment towards a greener & cleaner world, the students successfully planted the seed of information - with the hope that things will get better, where people have the knowledge, will & commitment.
